## Welcome Speech by the Head of the Agency

*Greetings Foresters!*

We are sincerely grateful to the presence of God Almighty for all His grace and gifts so that the Official Website of the Central Kalimantan Forestry Agency can be arranged and finished properly. The website which contains the Forestry Profile of Central Kalimantan Province was prepared to provide information and data regarding general information, the state of the region, and developments in forestry of Central Kalimantan region.

We are fully aware that the availability of Central Kalimantan Province forestry data and information which can be easily accessed by all forestry stakeholders is a necessity. Therefore, with the availability of the Official Website of the Central Kalimantan Forestry Agency, at least the basic needs of Central Kalimantan Province's forestry data and information are made available and can be easily accessed. On the other hand, along with the demands of general development and the development of Information and Technology, we certainly realize that in presenting data through the Official Website of the Central Kalimantan Forestry Agency there are still many matters that need to be improved. Therefore, we do hope for constructive input from all parties.

Finally, I hope the Official Website of the Central Kalimantan Forestry Agency can be useful and beneficial for all parties as materials to contribute to thinking and action in forestry development of Central Kalimantan Province.
