Mesin Penepung Bahan Baku Pakan Ikan

**Tampak depan bentuk
mesin pencetak pakan ikan**

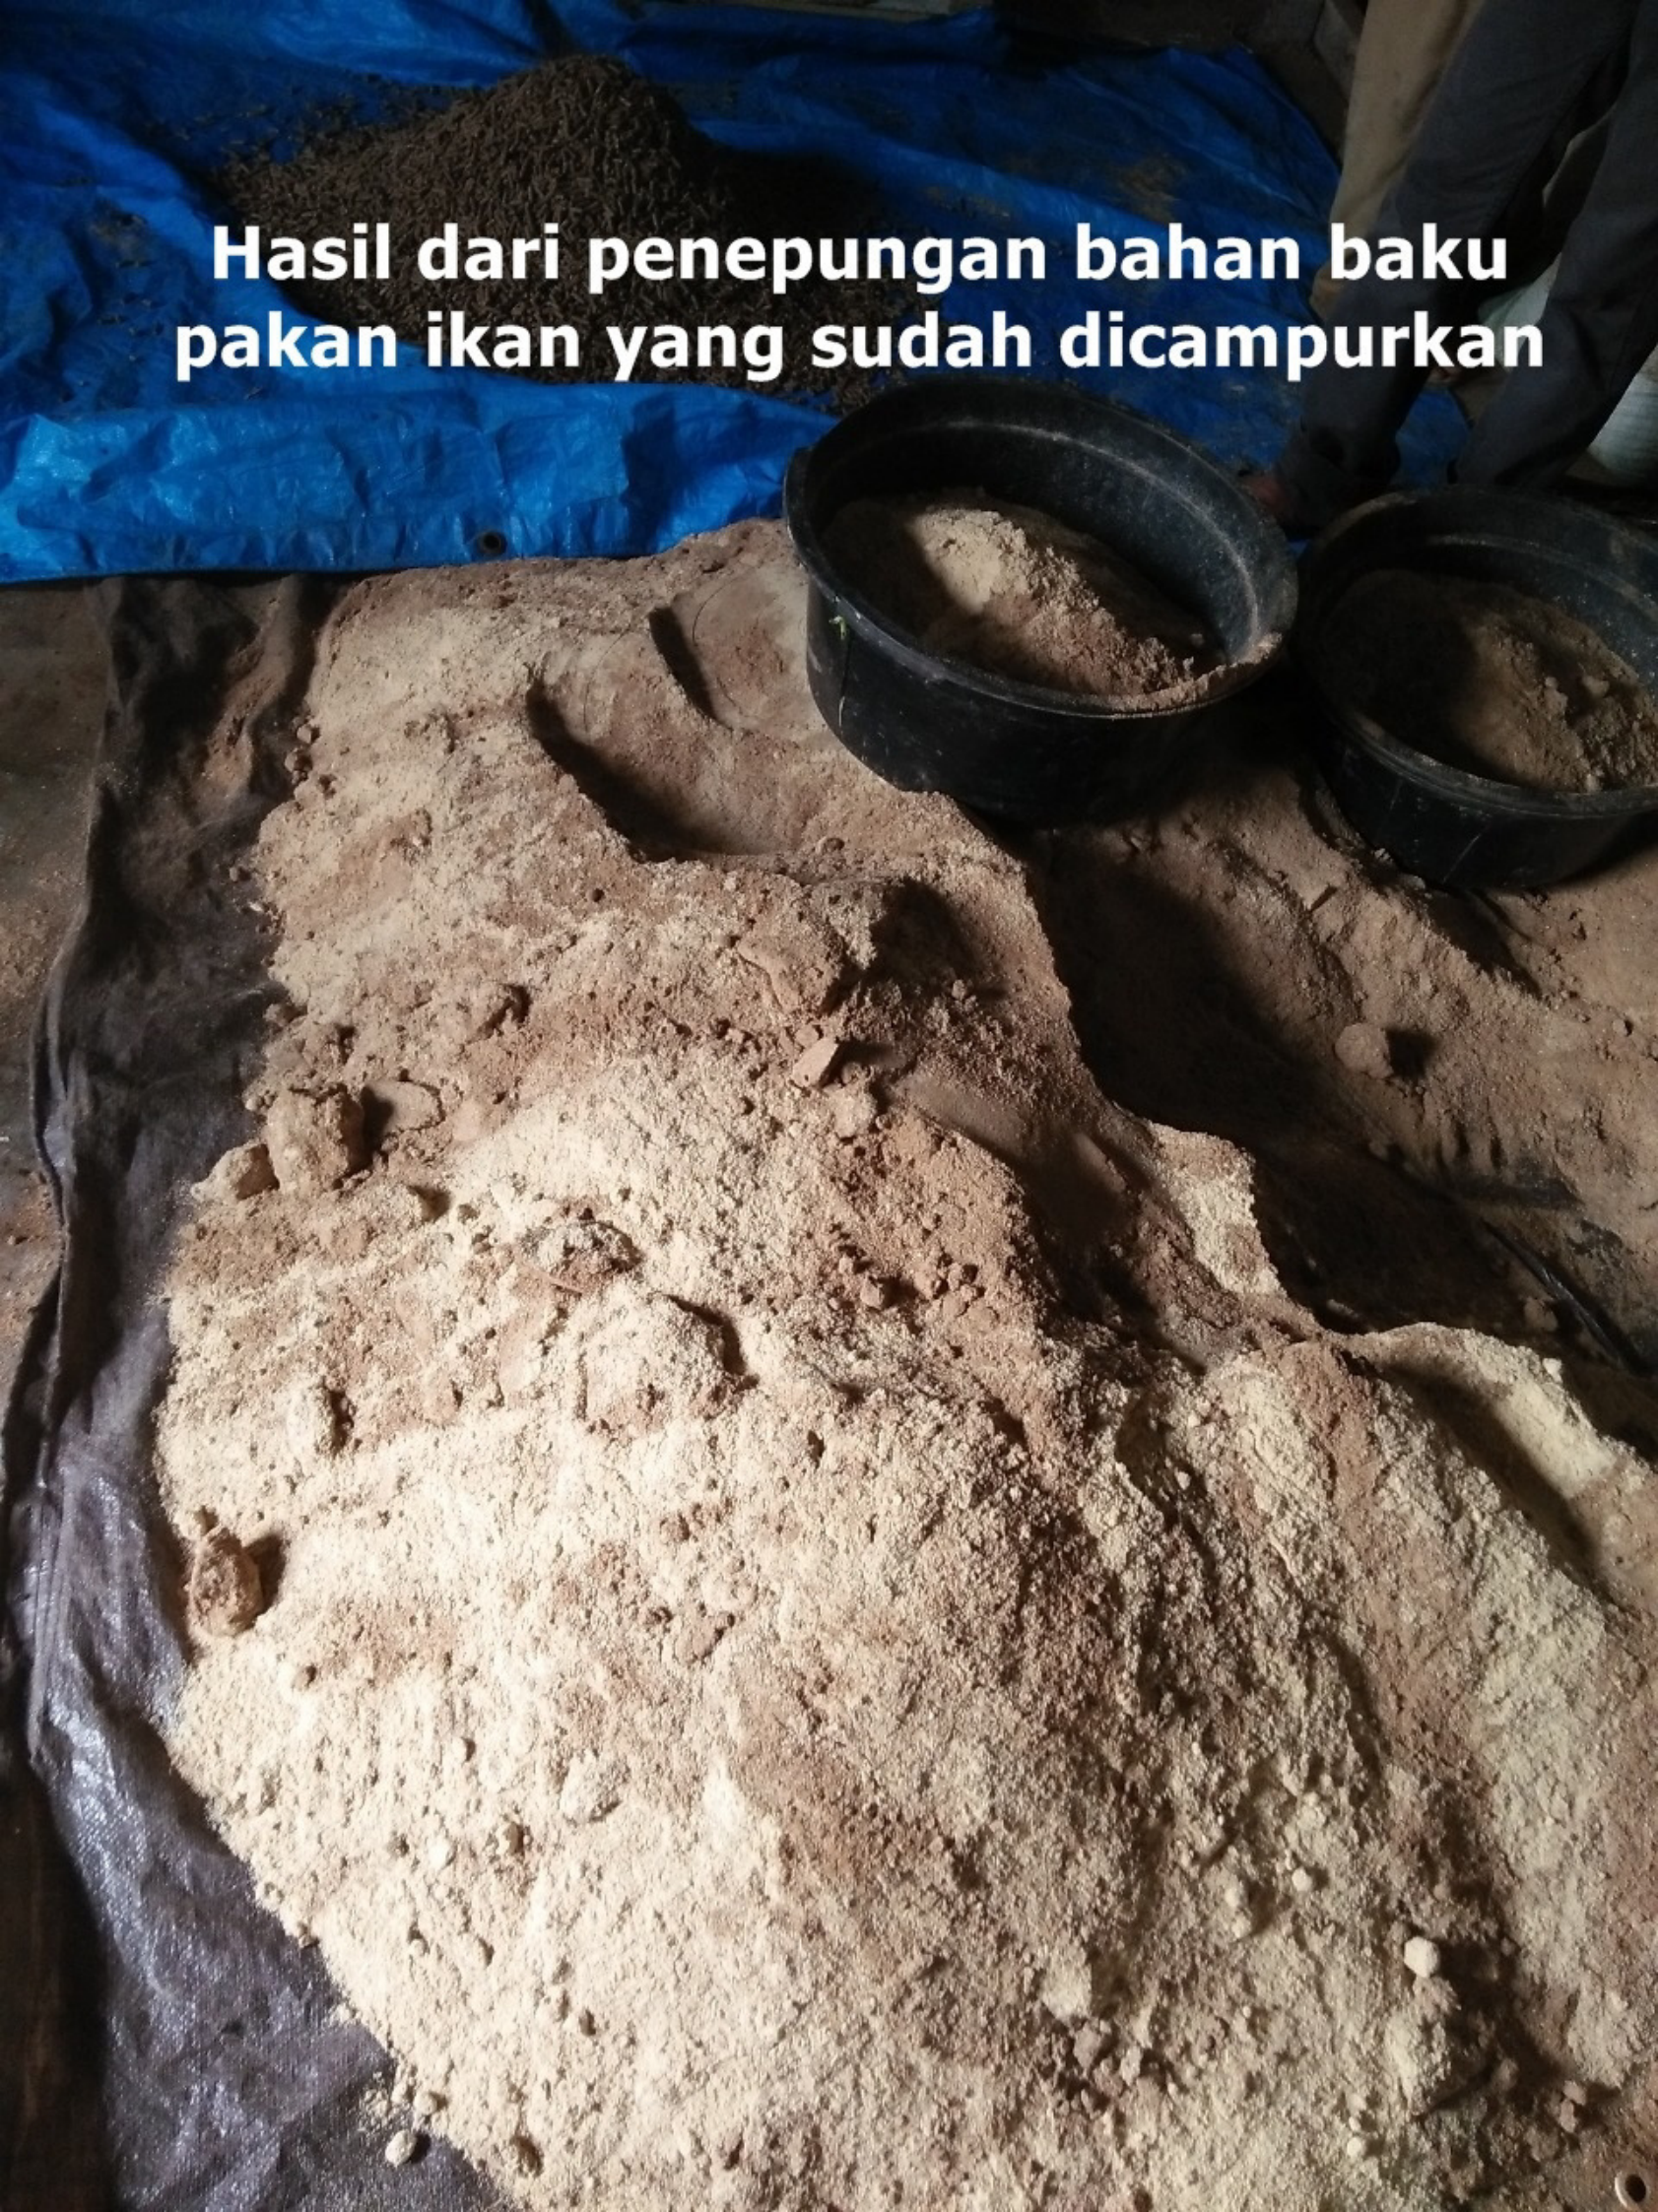

**Mesin Pencetak Pakan Ikan,
menggunakan bahan baku
yang sudah diolah menjadi tepung**

**Pengolahan berupa pencampuran Bahan Baku Pakan
berupa Ikan Rucah yang sudah dikeringkan,
Dedak, Bungkil Kelapa Sawit dan
Vitamin sebelum diolah menjadi tepung**

**Hasil dari penepungan bahan baku
pakan ikan yang sudah dicampurkan**

A man in a white shirt and blue jeans is operating a green industrial mill. He is holding a large black bucket over the mill's hopper. The mill is a vertical machine with a green frame and a silver hopper. A large pile of brown, cylindrical feed pellets is visible on a blue tarp in the foreground. The background is a plain, light-colored wall.

**Proses Pencetakan Pakan
menggunakan bahan baku
yang sudah diolah menjadi tepung**

A large pile of brown, cylindrical feed pellets is spread out on a blue tarp. The pellets are uniform in size and shape, indicating they were produced by a machine. In the background, there are some white sacks with red and green stripes, and a person's leg and foot are visible on the left side of the frame.

**Hasil yang sudah dicetak
menggunakan mesin pencetak pakan**

A close-up, top-down view of a large pile of brown, cylindrical fish feed pellets. The pellets are uniform in size and shape, and are densely packed together. A small portion of a blue container is visible in the top-left corner.

yang sudah dicetak menjadi Pellet**

Penjemuran Pakan Ikan hasil cetakan mesin pencetak pakan

A photograph of a warehouse interior. The room is filled with numerous large, white, woven sacks of fish feed, stacked in several rows. Some sacks have red or blue horizontal stripes. To the left, there is a small, light-colored wooden cabinet or stand with two open shelves. On top of the cabinet, there are two small cardboard boxes. In the foreground, at the bottom right, there are three green plastic bowls filled with dark, granular fish feed. The walls are white and show some signs of wear. There are several windows along the back wall, letting in bright light. The floor is a dark, reddish-brown color.
